TENNESSEE MINERS AFFAIR.

Trouble Between Union and Nonunion
Workers at Jellico.KNOXVILLE, Feb. 21.—A special from
Jellico says: G. W. Purcell, the organ-
izer of the United Mine Workers union,
who is here, has received orders from
National President Mitchell to order a
strike in the Proctor coal mines. Pur-
cell has not yet ordered a strike, nor has
District President Smith, who, it was
last night thought, would take im-
mediate action.A mass meeting of the district coal
miners, both union and nonunion, has
been called for tonight. At this meet-
ing the situation will be discussed. An
effort will be made to have all the non-
union men affiliated with the union,
that the entire district may be organ-
ized. It is believed this will be success-
ful when the situation will be in the
hands of the Mine Workers' union.
Strike may then be ordered if the Proctor
Coal company persists in refusing to
recognize the union. A number of men
were discharged by the Proctor company
Monday. It is openly charged by
union men that these men were dis-
missed on account of their affiliation
with the union.The Proctor company is the only one
in the district not recognizing the union.
It pays a higher scale than other com-
panies, the purpose of which is said to
be to keep its men from going to other
companies, as it has large contracts to
fill. However, it is opposed to union
organization.Organizer Purcell was arrested a few
days ago on the charge of violating the
Kentucky law against union agitators.
His trial will take place this afternoon
or tomorrow.Under orders of District President
T. J. Smith of the United Mine Work-
ers' union 350 of the 400 miners in Proctor
coal mines walked out at noon. It
had been anticipated that a strike would
occur later, possibly tomorrow, after the
meeting tonight. Smith, however,
acted sooner, upon orders from In-
dianapolis. The order for the strike
provides that work must be suspended
until the Proctor Coal company agrees to
treat with organized labor. The
miners will meet tonight.

A ROYAL BRIDE.

Princess Sada of Japan, Who Is to
Visit in Next Spring.There will be a great many brides
traveling about on honeymoon tours
with their newly acquired husbands in
this country next spring. There al-
ways are. But probably the bride who
will attract the widest interest among
Americans will be the Princess Sada
of Japan, who is to be married to the
imperial prince of the land of the chrysanthemum.She is a very young princess and
very beautiful, as princesses always
are. More than this, she will some day
be empress of all Japan, and if any-
thing further were needed to make her
a personage of interest she will come
to us with a wedding trousseau on

PRINCESS SADA OF JAPAN.

which more than \$1,000,000 has been
expended. All recorded extravagances
of American money kings or Europe-
an royalty pale in comparison with
this stupendous outlay. Imperial eti-
quette demands, however, that this
young person be garbed on no less lav-
ish a scale.The Princess Sada was publicly be-
trayed on Nov. 3 last, on the occasion
of a long series of gorgeous fetes, to his
imperial highness Yoshihito, the crown
prince. Yoshihito is only 20 years old
and is rather frail build.It is well known that a Japanese em-
press or a princess of the royal house
may no longer confine herself to the
Japanese dress, but on all formal occa-
sions must appear in European cos-
tumes. Therefore the Princess Sada is
having not only a profusion of magnifi-
cent Japanese costumes fashioned from
the finest stuffs by the cleverest hand-
work that the country affords, but must
also be equipped with toilets of Parisian
stamp. Many of the finest
jewels in the world are being gathered
to set off her highness' delicate skin
and dusky hair.

ITEMS OF INTEREST.

In Saxony no public instructor re-
ceives less than \$200 a year.A New York hotel is said to use a
machine that washes and dries 1,000
dishes in an hour. Two persons attend
to it.London is 12 miles broad one way
and 17 the other, and every year sees
about 20 miles of new streets added to
it.Asses are becoming more and more
plentiful (eingeburgert) in Berlin. Some
are just now employed to draw sleighs,
a novelty that has proved attractive to
the people of Berlin.Geo. Barbe, Mendota, Va., says:
"Nothing did me so much good as
Kodol Dyspepsia Cure. One dose
relieved me, a few bottles cured
me." It digests what you eat and al-
ways cures dyspepsia. Hargis'
Pharmacy, John Shepard and S.
Kahn.Beware of Ointments for Catarrh that
Contain Mercury.As mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from reputa-
ble physicians, as the damage they
will do is ten fold to the good you
can possibly derive from them.
Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo, O.,
contains no mercury, and is taken
internally, acting directly upon the
blood and mucous surface of the
system. In buying Hall's Catarrh
Cure be sure you get the genuine.
It is taken internally and is made in
Toledo, Ohio, by F. J. Cheney & Co.
Testimonials free.Sold by Druggists, price 75c
per bottle.
Hall's Family Pills are the best.

Woman's Feet Frozen.

PIEDMONT, Ala., Feb. 21.—A strange
white woman of loose character, who
had been making herself very obnoxious
to the good citizens of this place, was
ordered by the mayor to leave the place,
and she hid in an empty freight car,
which she thought was attached to a
train soon to leave. Later she was
found in an unconscious condition. One
or both of her feet will have to be am-
putated, even if she survives. She de-
clined to give her name, and there is
nothing on her by which it may be told.

Amicus to Hear Bryan.

AMERICUS, Ga., Feb. 21.—Hon. Wil-
liam J. Bryan will speak in Americus
Thursday morning while enroute to
Columbus.

Wholesome Water.

The official analysis of the water
furnished by the Pensacola Water
Co., shows that every U. S. gallon of
231 cubic inches contains

Chloride of sodium	42.28 grains
Sulphate of soda	40.18 grains
Sulphate of lime	20.00 grains
Bicarbonate of lime	1.00 grains
Bicarbonate of magnesia	1.00 grains
Oxide of iron and alumina	0.03 grains
Silica	0.15 grains
Organic and volatile matter	0.15 grains

Total solids 123.64 grains
After evaporation 123.64 grains
No taste or odor, phosphates, nitrates or
free ammonia.
The analysis, Prof. C. F. Chandler, Ph. D., of
Columbia College, N. Y., says: "This water is
the purest that we have ever analyzed—
free from all substances which would indi-
cate pollution, extremely soft, admirably
fitted for all domestic and manufacturing
purposes."Compare this statement with the
water from surface wells, driven
wells, so-called "springs" and
ditches, now used by many residents
of the city, and reflect that for \$8 a
year (payable semi-annually in ad-
vance) 66¢, cents a month, or about
2 cents a day for one faucet, any one
now using surface water filled with
all manner of impurities, microbes
and bacteria, can procure an abun-
dant supply of water for the use of
an average family, for drinking,
cooking, washing, etc.As a sanitary precaution against
the sickness that is sure to result
from the use of impure water, if for
no other reason, the use of the city
water should be more general, and
its extreme cheapness leaves no ex-
cuse for not using it. Landlords
owe it to the cause of public health,
to the welfare of their tenants, and
to their own pecuniary interest in
securing the best classes of tenants,
to put in connections on their prop-
erty.For further information as to
rates, plumbing permits, etc., Ad-
dress: PENSACOLA WATER CO.,

PAYMASTER EXONERATED.

Admiral Watson's Board of Investi-
gation Reports Favorably.NEW YORK, Feb. 21.—When the
cruiser Charleston was wrecked two
months ago on an uncharted reef north
of Luzon, the ship's paymaster was
compelled to abandon his money safe,
which contained about 20,000 Mexican
dollars and \$400 in gold.The weight of this amount of specie
and the strong box was too great to im-
pel the lives of the men set adrift in
the open boats with no certainty of be-
ing able to keep afloat until land could
be reached. It was necessary to utilize
all the spare capacity for food, arms
and ammunition for fear a landing
would have to be made on a barren
shore, or that sympathizers of Agui-
naldo would offer a reception at which
guns and cartridges would be worth
more than Mexican money. The money
left behind had been charged against
Paymaster Reynolds of the Charleston,
to the amount of \$12,240, and when he
reached Manila his accounts were found
to be short that much.Under the regulations Admiral Wat-
son ordered a board of investigation on
this failure on balance. The report
which has just reached Washington
fully exonerates the paymaster from
any actual wickedness or criminal in-
tent in the transaction.

A DEPLORABLE ACCIDENT.

Machinist Mangled at the Savannah
Electric Works.SAVANNAH, Feb. 21.—Michael Meray,
employed at the works of the Edison
Electric Illuminating company, on In-
dian street, was caught on a running
belt, and after being carried with great
speed for some distance, was thrown
into the air a height of 15 or 20 feet. He
was instantly killed and his body badly
mutilated, his head crushed and his
right leg torn almost completely from
his body.The man was engaged just before the
fatal accident in removing a running
belt from a pulley to replace it with an-
other. The exertion of pulling the belt
off the pulley caused him to go back a
few steps. As he did this he fell against
a multiple belt—two belts running to-
gether.They were going at a rapid rate of
speed and before the machinist could
disengage himself from the trap into
which he had fallen he was rushed for-
ward to where the belts gave a turn
over a dynamo wheel and went through
the air like a shot from a catapult. He
did not live a minute after striking the
floor.John Durr, Poseyville, Ind., says:
"I never used anything as good as
One Minute Cough Cure. We are
never without it. 'Quickly breaks
up coughs and colds. Cures all
throat and lung troubles. Its use
will prevent consumption. Pleasant
to take. Hargis' Pharmacy,
John Sheppard and S. Kahn."

**A Beautiful Woman and a
Handsome Horse appeal to every
Southerner's Heart.**

Both are better for the use of, and may be
kept free from illness, by

Sloan's Liniment!

This Liniment is the best antiseptic known.
It positively kills disease germs. It cures
Rheumatism, Cramp and Colic. Used gen-
erally in the stable with good results. Where
other liniments fail. In the family in prefer-
ence to any known liniment on the market,
extremely economical. Every bottle is war-
ranted. Family size, 25 cents.
Horse size, 50 cents and \$1.00.

CURES WEAK MEN FREE.

Send Name and Address To-day---You Can
Have It Free and be Strong and
Vigorous for Life.

INSURES LOVE AND A HAPPY HOME.

L. W. KNAPP, M. D.

How any man may quickly cure himself
after years of suffering from sexual weak-
ness, lost vitality, night losses, varicocele,
etc., and enlarge small weak organs to full
size and vigor. Simply send your name and
address to Dr. L. W. Knapp, 223 Hull
Building, Detroit, Mich., and he will
gladly send the free receipt with full direc-
tions so that any man may easily cure him-
self at home. This is certainly a most gen-
erous offer and the following extracts taken
from his daily mail show what men think
of his generosity.

"Dear Sir:—Please except my sincere
thanks for yours of recent date. I have
given your treatment a thorough test and
the benefit has been extraordinary. It has
completely braced me up. I am just as
vigorous as when a boy and you cannot
realize how happy I am."

"Dear Sir:—Your method worked beauti-
fully. Results were exactly what I needed.
Strength and vigor have completely re-
turned and enlargement is entirely satis-
factory."

"Dear Sir:—Yours was received and I had
no trouble in making use of the receipt as
directed and can truthfully say it is a boon
to weak men. I am greatly improved in
size, strength and vigor."

All correspondence is strictly confiden-
tial, mailed in plain sealed envelope. The
receipt is free for the asking and he wants
every man to have it.
